## Experience

<b>Rice Eclipse</b>   Student-led multi-stage launch vehicle team <i>Composites Team Engineer – Prestige V3 Launch Vehicle</i>	Oct 2025 – Present	Houston, TX
<ul style="list-style-type: none"><li>Tip-to-tip structural reinforcement using carbon fibre and epoxy resin</li><li>Manufacturing fins &amp; body tube for sustainer engine, structural assembly</li><li>Sanding &amp; composite surface finishing for body tube and fins</li></ul>		
<b>Tarragon Aircraft</b> <i>Engineering Intern – High-Power Ultralight Aircraft (300-400 km/h at 340-650 kg)</i>	Jun 2025 – Aug 2025	Riga, Latvia
<ul style="list-style-type: none"><li>Performed carbon composite sanding &amp; surface finishing for ultralight parts—air intake, bulkhead, ailerons, fuselage, fuel tank</li><li>Assembled &amp; bonded fuselage parts with aircraft-grade epoxy resin</li><li>Machined force translation components for landing gear mechanisms—carbon tubes, joints etc.</li></ul>		
<b>Riga Technical University Engineering School Automotive</b> <i>Lead Mechanical Engineer – High-Efficiency Electric Tricycles</i>	Oct 2024 – Jul 2025	Riga, Latvia
<ul style="list-style-type: none"><li>Lead a team of 5 students to fully manufacture 4 energy-efficient electric tricycles from recycled materials</li><li>Steering mechanism &amp; part design/machining, frame welding, electronics &amp; brake system setup, soldering</li><li>Performed a public showcase drive at the National Song and Dance Festival: 40,000+ attendees, broadcasted live on National Television (~ 1.5 million viewers)</li></ul>		
<b>Riga Technical University Faculty of Natural Sciences and Technology</b> <i>Student Research Intern – Ta-TiO<sub>2</sub> Transient Optical Memory Material</i>	May 2023 – May 2024	Riga, Latvia
<ul style="list-style-type: none"><li>Designed and manufactured an optically active memory material for photonic storage &amp; computing applications using Ta-TiO<sub>2</sub> nanoparticles</li><li>Performed 20 000+ datapoint analysis in MS Excel, spin-coating, acid etching, soldering, plasma cleaning</li><li>Awarded Gold in the National Student Scientific Research Conference, achieving highest score in Engineering &amp; Technology category</li></ul>		
<b>Riga Technical University Power Electronics</b>   Student-led e-vehicle team <i>Mechanical Engineer – High-Efficiency Electric Tricycles</i>	Feb 2023 – Jul 2023	Riga, Latvia
<ul style="list-style-type: none"><li>Assisted a team of 10 students to manufacture an electric low-ride tricycle</li><li>Manufactured the composite aerodynamic body and frame, as well as installed the hydraulic brake system</li><li>Placed 1st in the National Vehicle Energy Efficiency Competition/Race</li></ul>		

## Education

<b>Rice University</b>   George R. Brown School of Engineering and Computing <i>Bachelor of Science in Mechanical Engineering   GPA: 3.90/4.00</i>	Aug 2025 – Present	Houston, TX
<b>Riga Technical University Engineering High School</b> <i>GPA: 9.99/10.00   Class rank: 1st</i>	Sep 2022 - Jul 2025	Riga, Latvia
<ul style="list-style-type: none"><li>Represented Team Latvia in international astronomy competitions, student government content creator &amp; event host, tutor</li><li>Received an Honorary Certificate for Academic Excellence from The Latvian Prime Minister</li></ul>
